el motivo de esta obra no es en absoluto realizar una labor apologética sobre el asunto sino realizar esta obra de misericordia por las pobres almas por qué también nosotros un día pasaremos por ahí y dios tendrá en cuenta tu misericordia para con los otros y esas almas que ayudaste a hacer más llevaderas sus penas estarán en el cielo esperándote como también intercediendo por ti por lo mismo desterramos el pensamiento

de que al morir fulano ya está en el cielo junto a dios descansando y disfrutando de la gloria eterna si no que oremos sin cesar para llevarles los sufragios suficientes y que tanto necesitan

in the sprawling city of são paulo a weekly practice known as devotion to souls devoção às almas draws devotees to catholic churches cemeteries and other sites associated with tragic or unjust deaths the living pray and light candles for the souls of the dead remembering events and circumstances in a rite of collective suffering yet contemporary devotion to souls is not confined to catholic adherents or fixed to specific locations the practice is also linked to popular tours of haunted sites in the city and it moves within an urban environment routinely marked by violence and death while based in catholic traditions devotion to souls is as complex and multifaceted as religion itself in brazil where african portuguese and other cultural forms have blended and evolved over centuries michael amoruso s insightful work uses the methods of ethnography religious studies and urban studies to consider how devotion to souls embodies adapts and challenges conventional ideas of religion as tethered to specific sites and practices examining devotees varied ways of ascribing meaning to their actions amoruso argues that devotion to souls acts as a form of what he calls mnemonic repair tying the living to the dead in a struggle against the forces of forgetting

this festschrift commemorates julian h steward the essays were contributed by former students colleagues and other anthropologists whose research or thinking has been influenced by him there was no preconceived attempt to give the volume any greater sense of unity or to impose upon the contributors any restrictions as to subject matter on the contrary each author was urged to write on an anthropological topic of greatest current interest to himself many of the essays could be placed just as handily within a division other than the one to which they have

arbitrarily been assigned in the book this kind of interchangeability may reflect in some measure the interrelatedness of steward s contributions to anthropological theory the broad relevance of all the selections to steward s work could reflect also the extent to which his interests continue to be reflected in the work of anthropologists influenced by him it could also reflect a parallelism of theoretical concerns within the profession that stem from the cultural ambience that produced steward himself parallelisms and convergence are aspects of the kind of cultural determinism which has claimed steward s attention during the many years that he fought a fairly lonely battle to establish the respectability of evolutionism in anthropology now that respectability has been achieved with an almost bandwagon fervor it is clear that steward as much as anyone else in anthropology was responsible for the change the essays in this collection are at once a vindication of his patience an evidence of the high status he enjoys among anthropologists and a testimony to the impact of his unusual creativity on his colleagues
